

DM Magnetic PVC 350 μ

DM Magnetic PVC 350 μ is a printable magnetic film with a good holding strength on iron/steel surfaces. The matte PVC imaging surface makes stunning colourful graphics possible. The graphics can be changed easily and can be used time after time saving labour costs, transport costs and the environment.

Compatibility overview

Compatible with (Eco)Solvent and UV-cure inks.

Water based

(Eco) solvent

Latex

UV-cure

Physical characteristics

- Base material: Flexible magnet
- Surface: Matte
- Print side: PVC
- Thickness: 350 μ
- Magnetic force: 7g/cm²
- Weight: 970g/m²

Product code

923110-1270

Product size

1270mm x 30m

Core diameter

3 inch

Custom sizes are available with minimum order quantities required

Features

- Stable and flexible base
- Adheres to iron/steel
- Easy to re-position
- Indoor use
- Can be installed by untrained personnel
- Reduces the life-cycle cost for signage

Applications

- Interior decoration
- Indoor retail advertising
- Trade show graphics

Shelf life and environment aspects

The shelf life of this media is 1 year under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.
