

DM Ferro Glossy Whiteboard Film

DM Ferro Glossy Whiteboard Film is a flexible and light weight self-adhesive ferrous material with a patented dry-erase surface treatment. It can be used again and again, simply write on it with a dry-erase marker and wipe it off. Magnetic accessories, prints and markers can also be attached to it, making it a truly universal product for use at home, school, restaurants, retail stores and offices. Thanks to the removable adhesive layer it can be used both in permanent and in temporary situations.

Physical characteristics

- Surface: Glossy
- Non-printable film
- Thickness: 300µ
- Reverse side: Ferrous black coating

Features

- Flexible ferrous film
- PVC-free
- Adheres to magnetic surfaces
- Dry and Erase
- Indoor use
- Universal product
- Light weight
- Removable adhesive

Applications

- Office boards
- Indoor retail advertising
- Education
- Interior decoration

Shelf life and environment aspects

The shelf life of this media is 3 years under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.
