

DM Plain Brown Flexible Magnet

DM Plain Brown Flexible Magnet is plain magnetic material with one-side magnetized and the other side not magnetized. The non-magnetized side can be laminated with paper, PVC, PP, or any other printable substrate or fabric.

Thickness

- 400 μ
- 500 μ
- 750 μ

Weight

- 960 g/m²
- 1200 g/m²
- 1800 g/m²

Magnetic strength

- 17 g/cm²
- 24 g/cm²
- 28 g/cm²

Features

- Flexible magnetic base
- PVC-free
- Easy to re-position
- Indoor and outdoor use
- Non-printable
- Easy to use with multiple print technologies
- Economical solution

Applications

- Temporary signage
- Retail advertising
- Trade show graphics
- Boards

Shelf life and environment aspects

The shelf life of this media is 2 years under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. The magnetic force is permanent and will not degrade under normal temperatures, the presence of strong magnetic fields may affect the performance of the material. Always store the media in a dark place in its original packaging.
