

Product description

DM Magnetic Base Film White 500 μ can be mounted on flat, curved and cylindrical surfaces. Build your magnetic surface and create stunning graphics in combination with our ferrous media. Magnetic Base Film is available in three different thicknesses. The thicker base films have a higher holding strength and are recommended for larger graphics. Use this white surface base film for areas where the wall is not always covered with graphics or print it with UV-cure inks.

Print compatibility

 UV-cure inks

 Screenprint

Shelf life and environment aspects

The shelf life of this media is 1 year under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

Important:
Before using the media the user must examine the suitability of the media for each application. We shall not assume liability for non-performance of the media. Specifications are subject to change without notice.

Physical characteristics

Surface: White matte
Base material: Flexible magnet
Adhesive: Permanent

Thickness: 500 μ
Weight: 1880 g/m²

Magnetic holding force: 25-28 g/m²
Guaranteed magnetic holding force: \geq 25 g/m²

Features

Highly flexible base to create magnetic surfaces
Permanent self-adhesive layer
White surface
Easy to install
Also available in other thicknesses

Applications

Retail advertising
Trade show graphics
Interior decoration
Wall graphics
